Curlew Recovery Partnership Survey Visit Cover Sheet. (attach survey maps(s) with date and name written on it).

Observer name:		Site name:		Site ref:		
Date (dd/mm/yy):		Visit no.:		Start time (24-hr):		
Cloud: <input type="checkbox"/> 1 – Mainly clear (0–33%) <input type="checkbox"/> 2 – Partly cloudy (34–66%) <input type="checkbox"/> 3 – Mainly cloudy (67–100%)		Wind: <input type="checkbox"/> 1 – Calm <input type="checkbox"/> 2 – Light <input type="checkbox"/> 3 – Breezy		Rain: <input type="checkbox"/> 1 – None <input type="checkbox"/> 2 – Drizzle <input type="checkbox"/> 3 – Showers		
				Visibility: <input type="checkbox"/> 1 – Good <input type="checkbox"/> 2 – Moderate <input type="checkbox"/> 3 – Poor		
Field surveyed: if more than 12 fields surveyed at site, include relevant counts/pairs for additional fields/km grid squares in Notes.	Adult counts			Pair count	Chick count	Notes:
	Total count	Total displaying	Total alarm-calling/with young	Estimated pairs	Total chicks	
	Field/1-km grid square 1					
	Field/1-km grid square 2					
	Field/1-km grid square 3					
	Field/1-km grid square 4					
	Field/1-km grid square 5					
	Field/1-km grid square 6					
	Field/1-km grid square 7					
	Field/1-km grid square 8					
	Field/1-km grid square 9					
	Field/1-km grid square 10					
	Field/1-km grid square 11					
Field/1-km grid square 12						
TOTALS:						

Note: key CU (Curlew) behaviour symbology for maps (see **BTO Wader Survey Guidance** for full symbology)

CU	Curlew recorded not displaying, repeatedly alarm-calling or with young		Displaying/singing Curlew
CU	Repeatedly alarm-calling (agitated) and/or 'mobbing' Curlew	CU + juv(3)	Adult with three chicks (juveniles)

If multiple adults are observed in one location, write the number before the two-letter code (e.g. 7CU = Seven Curlews in a field) – this can be used with any of the symbols noted above (e.g. 3CU = three Curlews repeatedly alarm calling)

Draw the route walked with a dashed line and arrows to indicate direction ----->----->----->----->

Version 1 (2 August 2023) – please use the online feedback form (<https://forms.gle/86vimoBBEmnyiFgJA>) or email waders@bto.org to suggest changes for future versions.
